Aniridia Foundation International

Supporter Program

**Learn about the benefits of
becoming a registered supporter of
Aniridia Foundation International**

Take Our Hands, Walk with Us, Share Our Dreams, and Make a Miracle!

Thank you for your interest in becoming a part of Aniridia Foundation International (AFI) and our mission –

to unite the Aniridia Syndrome community, physicians, and researchers, to work together towards advancing knowledge and sight saving treatments through research, education, and ultimately a cure. In addition to our research / education programs, the AFI provides crucial support to those with Aniridia Syndrome and their families.

The AFI is a 501(c)3 nonprofit organization without a paid staff, so we depend on our dedicated registered supporters, volunteers and donors to power our mission.

Each year during Low Vision Awareness Month in February, AFI has its annual campaign for our registered supporters to reaffirm their commitment to our mission by renewing their supporter registration.

Steps to become a registered supporter of Aniridia Foundation International:

- 1. Read through our supporter levels to select which is right for you and your family.**

See the details in this brochure about the benefits you receive with each level.

- 2. Download our online registration form at make-a-miracle.org (“Join Us” link) and fill out your information.**
- 3. Send in the form, along with your annual fee payment either online or by mail before the deadline.**
- 4. Set up your monthly giving according to your selected level online through our secure portal.**
- 5. Consider becoming a volunteer.**
Fill out our volunteer application at make-a-miracle.org. Every registered supporter can be a part AFI’s mission of helping the Aniridia Syndrome Community build a brighter future!

Once you’ve completed these steps, you will receive confirmation that your registration has been processed.

Depending on the Circle Level, benefits of becoming a registered supporter of the AFI include:

- **Genetic testing to enable registered supporters to participate in specific research and clinical trials.**
- **Invitations to our medical & scientific “Make a Miracle” conferences with experts in Aniridia Syndrome.**
- **An appointment at our free clinic events to see subspecialty eye physicians.**
- **Access to the latest advancements in research and medical care from our AFI Medical and Scientific Advisory Council and other experts through:**
 - **Subscription to the *AFI Eye on Aniridia* News Edition**
 - **Access to the AFI Supporter Private Forum, including discussion forums, research library, and live chats.**
- **Enrollment in the AFI Medical Registry where registered supporters are first to hear about and offered participation in exciting new treatments, clinical trials and research opportunities.**
- **Connections with other families who are on similar journeys living with Aniridia Syndrome.**
